Faculty of veterinary Science, 1979-1987, Utrecht.  
1980-1987 homeopathic education.  
1989-1992 SHO, Dr. Geukens  
Since 2005 until now: Materia medica course in Germany with Dr. A. Saine.

She has her own homoeopathic practice for large and small animals since 1987. Since 2003 she works together with three homeopathic physicians in an homeopathic centre (Centaurea).

She has given lectures in different countries: Europe, Russia, New Mexico, South Africa and Colombia, Japan.

She gave homeopathic education to more than 700 farmers.

The experiences of the farmers are used to design homoeopathic research, f.e. diarrhoea in calves ( 2006), birthing in sheep ( 2003-2006), etc. In 2010 the study on the prevention of neonatal diarrhea in pigs with homeopathy was published in "Homeopathy", a peer-reviewed magazine: This study won a prize of the Vithoukas-institute for the best peer-reviewed article in 2012.

She was President of the IAVH (International Association for Veterinary Homeopathy) from 2005-2011
